AND THE Reader

Sent to any address for one year for
Half Price plus 50c

The vital public questions about which every wide-awake man or woman is now thinking is now being threshed out in *The Reader Magazine* by the two men—President Roosevelt excepted—who have, to the greatest degree, the confidence of the rank and file of their parties.

These brilliant papers are of tremendous importance. They will continue for a full year and will discuss every important question now before the people, including The Trusts, Labor, The Tariff, Railroad Regulation, Imperialism, Swollen Fortunes. They are straightforward and complete. They indicate evils and offer remedies. Every reader will gain from them a clear understanding of the things he must help decide.

What the Whole Country is Saying:

The announcement of these debates swept over the country like wild-fire. The declaration was received everywhere with an interest so intense as to be phenomenal. The great newspapers of the Nation have announced it in column after column of despatches and editorial comment.

Washington Herald:

Because of the prominence of the debaters these notable articles will play an important part in shaping issues for the coming Presidential campaign.

San Antonio Express:

Secretary of Agriculture Wilson is quoted as saying that unless Senator Beveridge out-argues Mr. Bryan in the magazine discussion, Mr. Bryan will be elected to the presidency.

Philadelphia Express:

One of these brilliant men has twice been a candidate for the presidency. His able handling of the big questions in these debates will place the other in the list of Republicans available for 1908.

Chicago Evening Post:

Each of these statesmen speaks with the authority of one of the great political parties. These articles are of direct and vital importance to the whole country.

They Are Playing Golf in Sunny San Antonio

ATURE is prodigal here, and it is possible to spend nearly every day out of doors under sunny skies. The parks and plazas, the margins of the creeks and rivers, the groves of palm and magnolia, lose none of their lustrous green during the winter months.

☛To all newcomers, San Antonio offers a thousand delightful surprises. For the sightseer, the old Mission Churches are still here, the Cathedral of San Fernando and gray and ghostly in the dazzling sunlight, the historic Alamo. For the invalid a perfect combination of sunny weather, pure dry air, beautiful scenery and modern accommodations.

The Climate's The Thing in San Antonio

☛The invigorating air, warm and dry, the altitude; the perfect natural drainage, all combine to make the temperature as nearly perfect as can be. The remarkably uniform temperature commends San Antonio to any one seeking a desirable Winter resort, particularly those who suffer from respiratory troubles.

☛The exceptionally low rates during the Winter months—the excellent train service and accommodations via the

Missouri, Kansas & Texas Railway

makes it a journey of but small cost and not of tiresome length. Write to-day for a copy of my free book about Winter Trips and for particulars as to rates, service, etc.

At all of his concerts and recitals.

Other great musicians who use this instrument exclusively are Ossip Gabrilowitsch, Harold Bauer, Mme. Szumowska, Charles W. Clark, Herbert Witherspoon, Victor Heinze, Howard Wells, Jeanette Durno-Collins, Glenn Dillard Gunn, Katherine Goodson, Jan Sikesz, etc., etc.

No stronger evidence can be offered to demonstrate that the Mason & Hamlin is the supreme development of artistic piano-making than this fact—that it is being used by more eminent concert artists than any other make of piano.
